

TH1 SERIES

Wiring Diagram

V = Voltage S1 = Optional Low Current Initiate Switch L = Load

R_T is used when external adjustment is ordered.

Description

The TH1 Series is a solid-state relay and timer combined into one compact, easy-to-use control. This highly reliable device eliminates the need for a separate solid-state relay. When mounted to a metal surface, it can switch load currents up to 20A steady state, and 200A inrush.

Operation (Delay-on-Make)

Upon application of input voltage, the time delay begins. The output is de-energized before and during the time delay. At the end of the time delay, the output energizes and remains energized until input voltage is removed.

Reset: Removing input voltage resets the time delay and output.

Features & Benefits

| FEATURES | BENEFITS |
|---|--|
| Microcontroller based | Repeat Accuracy + / - 2%, Factory calibration + / - 5% |
| Compact, low cost design | Allows flexiblility for OEM applications and reduces labor and component costs |
| High load currents up to 20A, 200A inrush | Allows direct operation of motors, lamps, and heaters directly without a contactor |
| Totally solid state and encapsulated | No moving parts to arc and wear out over time and encapsulated to protect against shock, vibration, and humidity |
| Metalized mounting surface | Facilitates heat transfer for high current applications |

Accessories

P1004-95, P1004-95-X Versa-Pot

Panel mountable, industrial potentiometer recommended for remote time delay adjustment.

P0700-7 Versa-Knob Designed for 0.25 in (6.35 mm) shaft of

Versa-Pot. Semi-gloss industrial black finish.

P1015-13 (AWG 10/12), **P1015-64** (AWG 14/16) **Female Quick Connect**

These 0.25 in. (6.35 mm) female terminals are constructed with an insulator barrel to provide strain relief.

P1015-18 Quick Connect to Screw Adapter Screw adapter terminal designed for use with all modules with 0.25 in. (6.35 mm) male quick connect terminals.

Ordering Information

| MODEL | OUTPUT RATING | INPUT VOLTAGE | ADJUSTMENT | TIME DELAY |
|---------|------------------|------------------|------------|------------|
| TH1B633 | 10A | 230VAC | Onboard | 2 - 180s |
| TH1C415 | 20A | 120VAC | Fixed | 5s |
| TH1C621 | 20A | 230VAC | External | 0.1 - 3s |
