| MANUFACTURER                     | Cypress Semiconductor                                                                                                     |
| DESCRIPTION                      | IC FLASH 128M PARALLEL 84FBGA                                                                                             |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                                |
| DATA SHEET                       |  <a href="#">S29WS128P0PBFW003.pdf</a> |
| WRITE CYCLE TIME - WORD, PAGE    | 60ns                                                                                                                      |
| VOLTAGE - SUPPLY                 | 1.7 V ~ 1.95 V                                                                                                            |
| TECHNOLOGY                       | FLASH - NOR                                                                                                               |
| SUPPLIER DEVICE PACKAGE          | 84-FBGA (11.6x8)                                                                                                          |
| SERIES                           | WS-P                                                                                                                      |
| PACKAGING                        | Tape & Reel (TR)                                                                                                          |
| PACKAGE / CASE                   | 84-VFBGA                                                                                                                  |
| OPERATING TEMPERATURE            | -25°C ~ 85°C (TA)                                                                                                         |
| MOUNTING TYPE                    | Surface Mount                                                                                                             |
| MOISTURE SENSITIVITY LEVEL (MSL) | 3 (168 Hours)                                                                                                             |
| MEMORY TYPE                      | Non-Volatile                                                                                                              |
| MEMORY SIZE                      | 128Mb (8M x 16)                                                                                                           |
| MEMORY INTERFACE                 | Parallel                                                                                                                  |
| MEMORY FORMAT                    | FLASH                                                                                                                     |
| MANUFACTURER STANDARD LEAD TIME  | 15 Weeks                                                                                                                  |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                                |
| DETAILED DESCRIPTION             | FLASH - NOR Memory IC 128Mb (8M x 16) Parallel 66MHz 80ns 84-FBGA (11.6x8)                                                |
| CLOCK FREQUENCY                  | 66MHz                                                                                                                     |
| ACCESS TIME                      | 80ns                                                                                                                      |
