| DATA SHEET                       |  <a href="#">PCF85263ATL/AX.pdf</a> |
| VOLTAGE - SUPPLY, BATTERY        | 0.9 V ~ 5.5 V                                                                                                          |
| VOLTAGE - SUPPLY                 | 0.9 V ~ 5.5 V                                                                                                          |
| TYPE                             | Clock/Calendar                                                                                                         |
| TIME FORMAT                      | HH:MM:SS:hh (12/24 hr)                                                                                                 |
| SUPPLIER DEVICE PACKAGE          | 10-DFN (2.6x2.6)                                                                                                       |
| SERIES                           | -                                                                                                                      |
| PACKAGING                        | Tape & Reel (TR)                                                                                                       |
| PACKAGE / CASE                   | 10-XDFN Exposed Pad                                                                                                    |
| OTHER NAMES                      | 568-11541-2<br>935302602115                                                                                            |
| OPERATING TEMPERATURE            | -40°C ~ 85°C                                                                                                           |
| MOUNTING TYPE                    | Surface Mount                                                                                                          |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                                          |
| MEMORY SIZE                      | -                                                                                                                      |
| MANUFACTURER STANDARD LEAD TIME  | 7 Weeks                                                                                                                |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                             |
| INTERFACE                        | I²C, 2-Wire Serial                                                                                                     |
| FEATURES                         | Alarm, Leap Year, Watchdog Timer                                                                                       |
| DETAILED DESCRIPTION             | Real Time Clock (RTC) IC Clock/Calendar I²C, 2-Wire Serial 10-XDFN Exposed Pad                                         |
| DATE FORMAT                      | YY-MM-DD-dd                                                                                                            |
| CURRENT - TIMEKEEPING (MAX)      | 0.885µA @ 3.3V                                                                                                         |
