| VOLTAGE - SUPPLY                   | 3.3 V ~ 5 V                                                                        |
| TYPE                               | Class AB                                                                           |
| SUPPLIER DEVICE PACKAGE            | 16-QSOP                                                                            |
| SERIES                             | -                                                                                  |
| PACKAGING                          | Tape & Reel (TR)                                                                   |
| PACKAGE / CASE                     | 16-SSOP (0.154", 3.90mm Width)                                                     |
| OUTPUT TYPE                        | 2-Channel (Stereo)                                                                 |
| OPERATING TEMPERATURE              | -40°C ~ 105°C (TA)                                                                 |
| MOUNTING TYPE                      | Surface Mount                                                                      |
| MOISTURE SENSITIVITY LEVEL (MSL)   | 1 (Unlimited)                                                                      |
| MAX OUTPUT POWER X CHANNELS @ LOAD | -                                                                                  |
| MANUFACTURER STANDARD LEAD TIME    | 14 Weeks                                                                           |
| LEAD FREE STATUS / ROHS STATUS     | Lead free / RoHS Compliant                                                         |
| FEATURES                           | Shutdown, Thermal Protection                                                       |
| DETAILED DESCRIPTION               | Amplifier IC 2-Channel (Stereo) Class AB 16-QSOP                                   |
