| DATA SHEET                       |  PFS710EG.pdf |
| VOLTAGE - SUPPLY                 | 10 V ~ 12 V                                                                                      |
| SUPPLIER DEVICE PACKAGE          | eSIP-7G                                                                                          |
| SERIES                           | HiperPFS™                                                                                        |
| PACKAGING                        | Tube                                                                                             |
| PACKAGE / CASE                   | 7-SSIP, 6 Leads, Exposed Pad, Formed Leads                                                       |
| OTHER NAMES                      | 596-1402                                                                                         |
| OPERATING TEMPERATURE            | -40°C ~ 125°C                                                                                    |
| MOUNTING TYPE                    | Through Hole                                                                                     |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                    |
| MODE                             | Continuous Conduction (CCM)                                                                      |
| MANUFACTURER STANDARD LEAD TIME  | 16 Weeks                                                                                         |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                       |
| FREQUENCY - SWITCHING            | 24kHz ~ 95kHz                                                                                    |
| DETAILED DESCRIPTION             | PFC IC Continuous Conduction (CCM) 24kHz ~ 95kHz eSIP-7G                                         |
