| DESCRIPTION                      | IC OSC TCXO 12.8MHZ 16-SOIC                                                                                         |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                          |
| DATA SHEET                       |  <a href="#">DS4026S+BCC.pdf</a> |
| VOLTAGE - SUPPLY                 | 3.135 V ~ 3.465 V                                                                                                   |
| TYPE                             | Temperature, Compensated Crystal Oscillator (TCXO)                                                                  |
| SUPPLIER DEVICE PACKAGE          | 16-SOIC                                                                                                             |
| SERIES                           | -                                                                                                                   |
| PACKAGING                        | Tube                                                                                                                |
| PACKAGE / CASE                   | 16-SOIC (0.295", 7.50mm Width)                                                                                      |
| OPERATING TEMPERATURE            | 0°C ~ 70°C                                                                                                          |
| MOUNTING TYPE                    | Surface Mount                                                                                                       |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                                       |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                          |
| FREQUENCY                        | 12.8MHz                                                                                                             |
| DETAILED DESCRIPTION             | Temperature, Compensated Crystal Oscillator (TCXO) IC 12.8MHz 16-SOIC                                               |
| CURRENT - SUPPLY                 | 1.5mA                                                                                                               |
| COUNT                            | -                                                                                                                   |
| BASE PART NUMBER                 | DS4026                                                                                                              |
