| DESCRIPTION                       | IC GATE NAND 2CH 2-INP 8XSON                                                                            |
| LEAD FREE STATUS / ROHS STATUS    | Lead free / RoHS Compliant                                                                              |
| DATA SHEET                        |  74LVC2G38GT,115.pdf |
| VOLTAGE - SUPPLY                  | 1.65 V ~ 5.5 V                                                                                          |
| SUPPLIER DEVICE PACKAGE           | 8-XSON (1.95x1)                                                                                         |
| SERIES                            | 74LVC                                                                                                   |
| PACKAGING                         | Tape & Reel (TR)                                                                                        |
| PACKAGE / CASE                    | 8-XDFN                                                                                                  |
| OTHER NAMES                       | 74LVC2G38GT-G<br>74LVC2G38GT-G-ND<br>935278923115                                                       |
| OPERATING TEMPERATURE             | -40°C ~ 125°C                                                                                           |
| NUMBER OF INPUTS                  | 2                                                                                                       |
| NUMBER OF CIRCUITS                | 2                                                                                                       |
| MOUNTING TYPE                     | Surface Mount                                                                                           |
| MOISTURE SENSITIVITY LEVEL (MSL)  | 1 (Unlimited)                                                                                           |
| MAX PROPAGATION DELAY @ V, MAX CL | 3.3ns @ 5V, 50pF                                                                                        |
| MANUFACTURER STANDARD LEAD TIME   | 13 Weeks                                                                                                |
| LOGIC TYPE                        | NAND Gate                                                                                               |
| LOGIC LEVEL - LOW                 | 0.7 V ~ 0.8 V                                                                                           |
| LOGIC LEVEL - HIGH                | 1.7 V ~ 2 V                                                                                             |
| LEAD FREE STATUS / ROHS STATUS    | Lead free / RoHS Compliant                                                                              |
| FEATURES                          | Open Drain                                                                                              |
| DETAILED DESCRIPTION              | NAND Gate IC 2 Channel Open Drain 8-XSON (1.95x1)                                                       |
| CURRENT - QUIESCENT (MAX)         | 4µA                                                                                                     |
| CURRENT - OUTPUT HIGH, LOW        | -, 32mA                                                                                                 |
| BASE PART NUMBER                  | 74LVC2G38                                                                                               |
