| MANUFACTURER                     | Diodes Incorporated                                                                                                 |
| DESCRIPTION                      | IC CLK BUFFER 2:4 266MHZ 20TSSOP                                                                                    |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                          |
| DATA SHEET                       |  <a href="#">PI6C41204LE.pdf</a> |
| VOLTAGE - SUPPLY                 | 3.135 V ~ 3.465 V                                                                                                   |
| TYPE                             | Fanout Buffer (Distribution), Multiplexer                                                                           |
| SUPPLIER DEVICE PACKAGE          | 20-TSSOP                                                                                                            |
| SERIES                           | -                                                                                                                   |
| RATIO - INPUT:OUTPUT             | 2:4                                                                                                                 |
| PACKAGING                        | Tube                                                                                                                |
| PACKAGE / CASE                   | 20-TSSOP (0.173", 4.40mm Width)                                                                                     |
| OUTPUT                           | LVPECL                                                                                                              |
| OPERATING TEMPERATURE            | 0°C ~ 70°C                                                                                                          |
| NUMBER OF CIRCUITS               | 1                                                                                                                   |
| MOUNTING TYPE                    | Surface Mount                                                                                                       |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                                       |
| MANUFACTURER STANDARD LEAD TIME  | 6 Weeks                                                                                                             |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                          |
| INPUT                            | LVC MOS, LV TTL                                                                                                     |
| FREQUENCY - MAX                  | 266MHz                                                                                                              |
| DIFFERENTIAL - INPUT:OUTPUT      | No/Yes                                                                                                              |
| DETAILED DESCRIPTION             | Clock Fanout Buffer (Distribution), Multiplexer IC 2:4 266MHz 20-TSSOP (0.173", 4.40mm Width)                       |
| BASE PART NUMBER                 | PI6C41204                                                                                                           |
