

Omron Automation & Safety

E2C-EDA8

|                     |                                                                                                                      |
|---------------------|----------------------------------------------------------------------------------------------------------------------|
| Part Number:        | E2C-EDA8                                                                                                             |
| Manufacturer/Brand: | Omron Automation & Safety                                                                                            |
| Product description | SMART PROX SENSOR                                                                                                    |
| Datasheets:         |                                                                                                                      |
| RoHs Status         |  Contains lead / RoHS non-compliant |
| Ship From           | Hong Kong                                                                                                            |
| Shipment Way        | DHL/Fedex/TNT/UPS/EMS                                                                                                |

Specifications of E2C-EDA8

|                                  |                                       |
|----------------------------------|---------------------------------------|
| PART NUMBER                      | E2C-EDA8                              |
| MANUFACTURER                     | Omron Automation & Safety             |
| DESCRIPTION                      | SMART PROX SENSOR                     |
| LEAD FREE STATUS / ROHS STATUS   | Contains lead / RoHS non-compliant    |
| DATA SHEET                       |                                       |
| VOLTAGE - SUPPLY                 | 12 V ~ 24 V                           |
| SERIES                           | -                                     |
| OUTPUT TYPE                      | PNP                                   |
| OTHER NAMES                      | E2CEDA8                               |
| OPERATING TEMPERATURE            | -10°C ~ 55°C (TA)                     |
| MOUNTING TYPE                    | DIN Rail                              |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                         |
| MANUFACTURER STANDARD LEAD TIME  | 2 Weeks                               |
| LEAD FREE STATUS / ROHS STATUS   | Contains lead / RoHS non-compliant    |
| DETAILED DESCRIPTION             | Twin Output Sensor Amplifier DIN Rail |
| CURRENT - SUPPLY                 | 45mA                                  |
| AMPLIFIER TYPE                   | Twin Output                           |
