| MANUFACTURER                     | Micrel / Microchip Technology                                                                                         |
| DESCRIPTION                      | IC CTRLR HOT SWAP DUAL 24-TSSOP                                                                                       |
| LEAD FREE STATUS / ROHS STATUS   | Contains lead / RoHS non-compliant                                                                                    |
| DATA SHEET                       |  <a href="#">MIC2585-2JBTS.pdf</a> |
| VOLTAGE - SUPPLY                 | 1 V ~ 13.2 V                                                                                                          |
| TYPE                             | Hot Swap Controller, Sequencer                                                                                        |
| SUPPLIER DEVICE PACKAGE          | 24-TSSOP                                                                                                              |
| SERIES                           | -                                                                                                                     |
| PROGRAMMABLE FEATURES            | Fault Timeout, OVP, Slew Rate, UVLO                                                                                   |
| PACKAGING                        | Tube                                                                                                                  |
| PACKAGE / CASE                   | 24-TSSOP (0.173", 4.40mm Width)                                                                                       |
| OPERATING TEMPERATURE            | -40°C ~ 85°C                                                                                                          |
| NUMBER OF CHANNELS               | 2                                                                                                                     |
| MOUNTING TYPE                    | Surface Mount                                                                                                         |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                                         |
| LEAD FREE STATUS / ROHS STATUS   | Contains lead / RoHS non-compliant                                                                                    |
| INTERNAL SWITCH(S)               | No                                                                                                                    |
| FEATURES                         | Latched Fault                                                                                                         |
| FEATURE PINS                     | CDLY, CFILTER, CPOR, DIS1, DIS2, /FAULT, FB1, FB2, ON, OV1, OV2, PG1, PG2, /POR, TRK                                  |
| DETAILED DESCRIPTION             | Hot Swap Controller, Sequencer 2 Channel General Purpose 24-TSSOP                                                     |
| CURRENT - SUPPLY                 | 1.7mA                                                                                                                 |
| CURRENT - OUTPUT (MAX)           | -                                                                                                                     |
| BASE PART NUMBER                 | MIC2585                                                                                                               |
| APPLICATIONS                     | General Purpose                                                                                                       |
