

UF1050B-IC-E

|                     |                                                                                                              |
|---------------------|--------------------------------------------------------------------------------------------------------------|
| Part Number:        | UF1050B-IC-E                                                                                                 |
| Manufacturer/Brand: | CSR PLC (Qualcomm)                                                                                           |
| Product description | IC RF TXRX WIFI 88-WLCSP                                                                                     |
| Datasheets:         |                                                                                                              |
| RoHs Status         |  Lead free / RoHS Compliant |
| Ship From           | Hong Kong                                                                                                    |
| Shipment Way        | DHL/Fedex/TNT/UPS/EMS                                                                                        |

Specifications of UF1050B-IC-E

|                                  |                                                     |
|----------------------------------|-----------------------------------------------------|
| PART NUMBER                      | UF1050B-IC-E                                        |
| MANUFACTURER                     | CSR PLC (Qualcomm)                                  |
| DESCRIPTION                      | IC RF TXRX WIFI 88-WLCSP                            |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                          |
| DATA SHEET                       |                                                     |
| VOLTAGE - SUPPLY                 | 1.5V                                                |
| TYPE                             | TxRx Only                                           |
| SERIES                           | -                                                   |
| SERIAL INTERFACES                | -                                                   |
| SENSITIVITY                      | -                                                   |
| RF FAMILY/STANDARD               | WiFi                                                |
| PROTOCOL                         | 802.11b/g                                           |
| POWER - OUTPUT                   | -                                                   |
| PACKAGING                        | Cut Tape (CT)                                       |
| PACKAGE / CASE                   | 88-BGA, WLCSP                                       |
| OTHER NAMES                      | UF1050B-IC-ECT<br>UF1050BICE                        |
| OPERATING TEMPERATURE            | -                                                   |
| MOISTURE SENSITIVITY LEVEL (MSL) | 3 (168 Hours)                                       |
| MODULATION                       | -                                                   |
| MEMORY SIZE                      | -                                                   |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                          |
| FREQUENCY                        | 2.4GHz                                              |
| DETAILED DESCRIPTION             | IC RF TxRx Only WiFi 802.11b/g 2.4GHz 88-BGA, WLCSP |
| DATA RATE (MAX)                  | 54Mbps                                              |
| CURRENT - TRANSMITTING           | -                                                   |
| CURRENT - RECEIVING              | -                                                   |
