

Honeywell Sensing and Productivity Solutions

SSCDANN100PAAB5

Part Number:SSCDANN100PAAB5

Manufacturer/Brand:Honeywell Sensing and Productivity Solutions

Product description:SENSOR PRES 100PSI ABSO 5V DIP

1.SSCDANN100PAAB5.pdf

2.SSCDANN100PAAB5.pdf

3.SSCDANN100PAAB5.pdf

4.SSCDANN100PAAB5.pdf

Datasheets:

RoHs Status:Lead free / RoHS Compliant

Ship From:Hong Kong

Shipment Way:DHL/Fedex/TNT/UPS/EMS

REQUEST FOR QUOTATION

Specifications of SSCDANN100PAAB5

|                                  |                                                                                                                                     |

| VOLTAGE - SUPPLY                 | 4.75 V ~ 5.25 V                                                                                                                     |
| TERMINATION STYLE                | PC Pin                                                                                                                              |
| SUPPLIER DEVICE PACKAGE          | 8-DIP                                                                                                                               |
| SERIES                           | TruStability® SSC                                                                                                                   |
| PRESSURE TYPE                    | Absolute                                                                                                                            |
| PORT STYLE                       | Barbed                                                                                                                              |
| PORT SIZE                        | Male - 0.19" (4.93mm) Tube                                                                                                          |
| PACKAGE / CASE                   | 8-DIP (0.524", 13.30mm), Top Port                                                                                                   |
| OUTPUT TYPE                      | Analog Voltage                                                                                                                      |
| OUTPUT                           | 0.25 V ~ 4.75 V                                                                                                                     |
| OPERATING TEMPERATURE            | -40°C ~ 85°C                                                                                                                        |
| OPERATING PRESSURE               | 100 PSI (689.48 kPa)                                                                                                                |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                                                       |
| MAXIMUM PRESSURE                 | 250 PSI (1723.69 kPa)                                                                                                               |
| MANUFACTURER STANDARD LEAD TIME  | 10 Weeks                                                                                                                            |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                                          |
| FEATURES                         | Amplified Output, Temperature Compensated                                                                                           |
| DETAILED DESCRIPTION             | Pressure Sensor 100 PSI (689.48 kPa) Absolute Male - 0.19" (4.93mm) Tube 0.25 V ~ 4.75 V 8-DIP (0.524", 13.30mm), Top Port          |
| ACCURACY                         | ±0.25%                                                                                                                              |
