| DESCRIPTION                      | IC DAC 8BIT OCTAL W/AMP 28-PLCC                                                                         |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                              |
| DATA SHEET                       |  AD7228ACPZ-REEL.pdf |
| VOLTAGE - SUPPLY, DIGITAL        | 13.5 V ~ 16.5 V                                                                                         |
| VOLTAGE - SUPPLY, ANALOG         | 10.8 V ~ 16.5 V, ±5V                                                                                    |
| SUPPLIER DEVICE PACKAGE          | 28-PLCC (11.51x11.51)                                                                                   |
| SETTLING TIME                    | 5µs, 7µs                                                                                                |
| SERIES                           | -                                                                                                       |
| REFERENCE TYPE                   | External                                                                                                |
| PACKAGING                        | Tape & Reel (TR)                                                                                        |
| PACKAGE / CASE                   | 28-LCC (J-Lead)                                                                                         |
| OUTPUT TYPE                      | Voltage - Buffered                                                                                      |
| OTHER NAMES                      | AD7228ACPZ-REEL-ND<br>AD7228ACPZ-REELTR                                                                 |
| OPERATING TEMPERATURE            | -40°C ~ 85°C                                                                                            |
| NUMBER OF D/A CONVERTERS         | 8                                                                                                       |
| NUMBER OF BITS                   | 8                                                                                                       |
| MOUNTING TYPE                    | Surface Mount                                                                                           |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                           |
| MANUFACTURER STANDARD LEAD TIME  | 11 Weeks                                                                                                |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                              |
| INL/DNL (LSB)                    | ±0.5 (Max), ±1 (Max)                                                                                    |
| DIFFERENTIAL OUTPUT              | No                                                                                                      |
| DETAILED DESCRIPTION             | 8 Bit Digital to Analog Converter 8 28-PLCC (11.51x11.51)                                               |
| DATA INTERFACE                   | Parallel                                                                                                |
| BASE PART NUMBER                 | AD7228                                                                                                  |
| ARCHITECTURE                     | R-2R                                                                                                    |
