| VOLTAGE - SUPPLY (VCC/VDD)       | 2.2 V ~ 3.6 V                                                                  |
| SPEED                            | 25MHz                                                                          |
| SERIES                           | C8051F85x                                                                      |
| RAM SIZE                         | 512 x 8                                                                        |
| PROGRAM MEMORY TYPE              | FLASH                                                                          |
| PROGRAM MEMORY SIZE              | 8KB (8K x 8)                                                                   |
| PERIPHERALS                      | Brown-out Detect/Reset, POR, PWM, WDT                                          |
| PACKAGING                        | Tape & Reel (TR)                                                               |
| PACKAGE / CASE                   | 20-VFQFN Exposed Pad                                                           |
| OSCILLATOR TYPE                  | Internal                                                                       |
| OPERATING TEMPERATURE            | -40°C ~ 85°C (TA)                                                              |
| NUMBER OF I/O                    | 15                                                                             |
| MOISTURE SENSITIVITY LEVEL (MSL) | 2 (1 Year)                                                                     |
| MANUFACTURER STANDARD LEAD TIME  | 6 Weeks                                                                        |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                     |
| EEPROM SIZE                      | -                                                                              |
| DETAILED DESCRIPTION             | 8051 C8051F85x Microcontroller IC 8-Bit 25MHz 8KB (8K x 8) FLASH               |
| DATA CONVERTERS                  | -                                                                              |
| CORE SIZE                        | 8-Bit                                                                          |
| CORE PROCESSOR                   | 8051                                                                           |
| CONNECTIVITY                     | I <sup>2</sup> C, SPI, UART/USART                                              |
