

Honeywell Microelectronics & Precision Sensors

Precision Sensors

Part Number:PPTE0015AP5VDF

Manufacturer/Brand:Honeywell Microelectronics & Precision Sensors

Product description:PRESSURE TRANSDUCER

Datasheets: PPTE0015AP5VDF.pdf

RoHs Status: Lead free / RoHS Compliant

Ship From:Hong Kong

Shipment Way:DHL/Fedex/TNT/UPS/EMS

REQUEST FOR QUOTATION

Image may be representation. See specifications for product details.

Specifications of PPTE0015AP5VDF

|                                  |                                                                                                        |
|----------------------------------|--------------------------------------------------------------------------------------------------------|
| PART NUMBER                      | PPTE0015AP5VDF                                                                                         |

| DESCRIPTION                      | PRESSURE TRANSDUCER                                                                                    |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                             |
| DATA SHEET                       |  PPTE0015AP5VDF.pdf |
| VOLTAGE - SUPPLY                 | 6 V ~ 30 V                                                                                             |
| TERMINATION STYLE                | Cable/Wire Leads                                                                                       |
| SUPPLIER DEVICE PACKAGE          | -                                                                                                      |
| SERIES                           | PPTE                                                                                                   |
| PRESSURE TYPE                    | Absolute                                                                                               |
| PORT STYLE                       | Threaded                                                                                               |
| PORT SIZE                        | Female - 1/4" (6.35mm) NPT                                                                             |
| PACKAGE / CASE                   | Cylinder                                                                                               |
| OUTPUT TYPE                      | Analog, RS-485                                                                                         |
| OUTPUT                           | 0 V ~ 5 V                                                                                              |
| OPERATING TEMPERATURE            | -40°C ~ 85°C                                                                                           |
| OPERATING PRESSURE               | 15 PSI (103.42 kPa)                                                                                    |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                          |
| MAXIMUM PRESSURE                 | 45 PSI (310.26 kPa)                                                                                    |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                             |
| FEATURES                         | -                                                                                                      |
| DETAILED DESCRIPTION             | Pressure Sensor 15 PSI (103.42 kPa) Absolute Female - 1/4" (6.35mm) NPT 0 V ~ 5 V Cylinder             |
| ACCURACY                         | ±0.24%                                                                                                 |
