| VOLTAGE SUPPLY SOURCE            | Dual ±                                                                 |
| VOLTAGE - SUPPLY                 | ±5V                                                                    |
| TYPE                             | ADC                                                                    |
| SUPPLIER DEVICE PACKAGE          | 44-PLCC (16.58x16.58)                                                  |
| SERIES                           | -                                                                      |
| SAMPLING RATE (PER SECOND)       | 20                                                                     |
| RESOLUTION (BITS)                | 3.75 Digit                                                             |
| PACKAGING                        | Tube                                                                   |
| PACKAGE / CASE                   | 44-LCC (J-Lead)                                                        |
| OPERATING TEMPERATURE            | -40°C ~ 85°C                                                           |
| NUMBER OF CHANNELS               | 3                                                                      |
| MOUNTING TYPE                    | Surface Mount                                                          |
| MOISTURE SENSITIVITY LEVEL (MSL) | 3 (168 Hours)                                                          |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                             |
| DETAILED DESCRIPTION             | ADC 3.75 Digit 20 44-PLCC (16.58x16.58)                                |
| DATA INTERFACE                   | -                                                                      |
