

MULTITECH

Multi-Tech Systems, Inc.

Part Number:MTDOT-915-AU-M1-UFL-1

Manufacturer/Brand:Multi-Tech Systems, Inc.

Product description:AU915 MHZ SMT LORA UFL (1 PK)  
[1.MTDOT-915-AU-M1-UFL-1.pdf](#)  
[2.MTDOT-915-AU-M1-UFL-1.pdf](#)

Datasheets:

Ship From:Hong Kong

Shipment Way:DHL/Fedex/TNT/UPS/EMS

REQUEST FOR QUOTATION

Specifications of MTDOT-915-AU-M1-UFL-1

|                                 |                                                                                            |
|---------------------------------|--------------------------------------------------------------------------------------------|
| PART NUMBER                     | MTDOT-915-AU-M1-UFL-1                                                                      |
| MANUFACTURER                    | Multi-Tech Systems, Inc.                                                                   |
| DESCRIPTION                     | AU915 MHZ SMT LORA UFL (1 PK)                                                              |
| LEAD FREE STATUS / ROHS STATUS  |                                                                                            |
| DATA SHEET                      | <a href="#">1.MTDOT-915-AU-M1-UFL-1.pdf</a><br><a href="#">2.MTDOT-915-AU-M1-UFL-1.pdf</a> |
| VOLTAGE - SUPPLY                | 3.3 V ~ 5 V                                                                                |
| UTILIZED IC / PART              | -                                                                                          |
| SERIES                          | MultiConnect® mDot™                                                                        |
| SERIAL INTERFACES               | I²C, SPI, UART                                                                             |
| SENSITIVITY                     | -130dBm                                                                                    |
| RF FAMILY/STANDARD              | General ISM < 1GHz                                                                         |
| PROTOCOL                        | LoRa™                                                                                      |
| POWER - OUTPUT                  | 19dBm                                                                                      |
| OPERATING TEMPERATURE           | -40°C ~ 85°C                                                                               |
| MOUNTING TYPE                   | Surface Mount                                                                              |
| MODULATION                      | FSK, GFSK, GMSK, MSK, OOK                                                                  |
| MEMORY SIZE                     | -                                                                                          |
| MANUFACTURER STANDARD LEAD TIME | 12 Weeks                                                                                   |
| FREQUENCY                       | 860MHz ~ 1.02GHz                                                                           |
| DATA RATE                       | -                                                                                          |
| CURRENT - TRANSMITTING          | -                                                                                          |
| CURRENT - RECEIVING             | -                                                                                          |
| ANTENNA TYPE                    | Not Included, U.FL                                                                         |
