| VOLTAGE - SUPPLY                | 1.8 V ~ 5.5 V                                                                                             |
| TYPE                            | RFID Transponder                                                                                          |
| SUPPLIER DEVICE PACKAGE         | 8-TSSOP                                                                                                   |
| STANDARDS                       | ISO 15693, NFC                                                                                            |
| SERIES                          | -                                                                                                         |
| PACKAGE / CASE                  | 8-TSSOP (0.173", 4.40mm Width)                                                                            |
| OPERATING TEMPERATURE           | -40°C ~ 125°C (TA)                                                                                        |
| MANUFACTURER STANDARD LEAD TIME | 6 Weeks                                                                                                   |
| INTERFACE                       | I <sup>2</sup> C                                                                                          |
| FREQUENCY                       | 13.56MHz                                                                                                  |
| DETAILED DESCRIPTION            | RFID Transponder IC 13.56MHz ISO 15693, NFC I <sup>2</sup> C 1.8 V ~ 5.5 V 8-TSSOP (0.173", 4.40mm Width) |
