| MANUFACTURER                       | Cirrus Logic                                                                                       |
| DESCRIPTION                        | IC AUD AMP CLASS D 2X10W 32QFN                                                                     |
| LEAD FREE STATUS / ROHS STATUS     | Lead free / RoHS Compliant                                                                         |
| DATA SHEET                         |  CS3511-CNZ.pdf |
| VOLTAGE - SUPPLY                   | 8.5 V ~ 13.2 V                                                                                     |
| TYPE                               | Class D                                                                                            |
| SUPPLIER DEVICE PACKAGE            | 32-QFN (6x6)                                                                                       |
| SERIES                             | -                                                                                                  |
| PACKAGING                          | Tube                                                                                               |
| PACKAGE / CASE                     | 32-VQFN Exposed Pad                                                                                |
| OUTPUT TYPE                        | 2-Channel (Stereo)                                                                                 |
| OPERATING TEMPERATURE              | -10°C ~ 70°C (TA)                                                                                  |
| MOUNTING TYPE                      | Surface Mount                                                                                      |
| MOISTURE SENSITIVITY LEVEL (MSL)   | 3 (168 Hours)                                                                                      |
| MAX OUTPUT POWER X CHANNELS @ LOAD | 11.8W x 2 @ 6 Ohm                                                                                  |
| LEAD FREE STATUS / ROHS STATUS     | Lead free / RoHS Compliant                                                                         |
| FEATURES                           | Differential Inputs, Mute, Short-Circuit and Thermal Protection, Shutdown                          |
| DETAILED DESCRIPTION               | Amplifier IC 2-Channel (Stereo) Class D 32-QFN (6x6)                                               |
