Specifications of WASP-S1

|                                  |                                                                                                 |
|----------------------------------|-------------------------------------------------------------------------------------------------|
| PART NUMBER                      | WASP-S1                                                                                         |
| MANUFACTURER                     | RF Solutions                                                                                    |
| DESCRIPTION                      | REMOTE CONTROL SYSTEM 1SW                                                                       |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                      |
| DATA SHEET                       |  WASP-S1.pdf |
| VOLTAGE - SUPPLY                 | 12VDC or 24VDC                                                                                  |
| SERIES                           | -                                                                                               |
| SENSITIVITY                      | -                                                                                               |
| POWER - OUTPUT                   | -                                                                                               |
| OTHER NAMES                      | WASP-1<br>WASP-1-ND<br>WASP1                                                                    |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                   |
| MODULATION OR PROTOCOL           | KEELOQ                                                                                          |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                      |
| INTERFACE                        | Handheld, 1 Switch                                                                              |
| FUNCTION                         | Transmitter and Receiver, Set                                                                   |
| FREQUENCY                        | 433.92MHz                                                                                       |
| FEATURES                         | -                                                                                               |
| DETAILED DESCRIPTION             | RF Transmitter and Receiver, Set 433.92MHz KEELOQ Handheld, 1 Switch                            |
| DATA RATE (MAX)                  | -                                                                                               |
| APPLICATIONS                     | -                                                                                               |
