Specifications of EX-L211-P

|                                  |                                                                                                   |
|----------------------------------|---------------------------------------------------------------------------------------------------|
| PART NUMBER                      | EX-L211-P                                                                                         |
| MANUFACTURER                     | Panasonic                                                                                         |
| DESCRIPTION                      | LASER SENSOR PNP 1M 12-24V                                                                        |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                        |
| DATA SHEET                       |  EX-L211-P.pdf |
| VOLTAGE - SUPPLY                 | 12 V ~ 24 V                                                                                       |
| SERIES                           | EX-L200                                                                                           |
| SENSING METHOD                   | Through-Beam                                                                                      |
| SENSING DISTANCE                 | 39.370" (1m)                                                                                      |
| RESPONSE TIME                    | 500µs                                                                                             |
| OUTPUT CONFIGURATION             | PNP - Open Collector                                                                              |
| OTHER NAMES                      | 1110-1511                                                                                         |
| OPERATING TEMPERATURE            | -10°C ~ 55°C                                                                                      |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                     |
| MANUFACTURER STANDARD LEAD TIME  | 7 Weeks                                                                                           |
| LIGHT SOURCE                     | Red Laser Diode (650nm)                                                                           |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                        |
| INGRESS PROTECTION               | IP67                                                                                              |
| CONNECTION METHOD                | Cable                                                                                             |
| CABLE LENGTH                     | 78.740" (2000.00mm)                                                                               |
| ADJUSTMENT TYPE                  | Adjustable                                                                                        |
