| MANUFACTURER                     | N/A                                                                                      |
| DESCRIPTION                      | IC MPU SYSTEM HDWR MON 24-TSSOP                                                          |
| LEAD FREE STATUS / ROHS STATUS   | Contains lead / RoHS non-compliant                                                       |
| DATA SHEET                       |                                                                                          |
| VOLTAGE - SUPPLY                 | 2.8 V ~ 3.8 V                                                                            |
| TOPOLOGY                         | ADC (Sigma Delta), Comparator, Fan Speed Control, Register Bank                          |
| SUPPLIER DEVICE PACKAGE          | 24-TSSOP                                                                                 |
| SERIES                           | -                                                                                        |
| SENSOR TYPE                      | Internal and External                                                                    |
| SENSING TEMPERATURE              | -40°C ~ 125°C                                                                            |
| PACKAGING                        | Tape & Reel (TR)                                                                         |
| PACKAGE / CASE                   | 24-TSSOP (0.173", 4.40mm Width)                                                          |
| OUTPUT TYPE                      | 2-Wire SMBus                                                                             |
| OUTPUT FAN                       | Yes                                                                                      |
| OUTPUT ALARM                     | Yes                                                                                      |
| OPERATING TEMPERATURE            | -40°C ~ 125°C                                                                            |
| MOUNTING TYPE                    | Surface Mount                                                                            |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                            |
| LEAD FREE STATUS / ROHS STATUS   | Contains lead / RoHS non-compliant                                                       |
| FUNCTION                         | Hardware Monitor                                                                         |
| DETAILED DESCRIPTION             | Hardware Monitor -40°C ~ 125°C Internal and External Sensor 2-Wire SMBus Output 24-TSSOP |
| BASE PART NUMBER                 | LM81                                                                                     |
| ACCURACY                         | ±3°C(Max)                                                                                |
