

Kavlico Pressure Sensors /

P265-100A-D1C

Part Number: P265-100A-D1C

Manufacturer/Brand: Kavlico Pressure Sensors / Sensata Technologies

Product description: SENSOR PRES ABS 0-100PSI 1/4"NPT

Datasheets:  P265-100A-D1C.pdf

RoHs Status:  Lead free / RoHS Compliant

Ship From: Hong Kong

Shipment Way: DHL/Fedex/TNT/UPS/EMS

REQUEST FOR QUOTATION

Specifications of P265-100A-D1C

|                                  |                                                                                                       |

| DATA SHEET                       |  P265-100A-D1C.pdf |
| VOLTAGE - SUPPLY                 | -                                                                                                     |
| TERMINATION STYLE                | Packard, 3 Pin                                                                                        |
| SUPPLIER DEVICE PACKAGE          | -                                                                                                     |
| SERIES                           | -                                                                                                     |
| PRESSURE TYPE                    | Absolute                                                                                              |
| PORT STYLE                       | Threaded                                                                                              |
| PORT SIZE                        | Female - 1/4" (6.35mm) NPT                                                                            |
| PACKAGE / CASE                   | Cylinder                                                                                              |
| OUTPUT TYPE                      | Analog Voltage                                                                                        |
| OUTPUT                           | 0.5 V ~ 4.5 V                                                                                         |
| OTHER NAMES                      | 1861-1037                                                                                             |
| OPERATING TEMPERATURE            | -40°C ~ 125°C                                                                                         |
| OPERATING PRESSURE               | 100 PSI (689.48 kPa)                                                                                  |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                         |
| MAXIMUM PRESSURE                 | 1000 PSI (6894 kPa)                                                                                   |
| MANUFACTURER STANDARD LEAD TIME  | 6 Weeks                                                                                               |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                            |
| FEATURES                         | Temperature Compensated                                                                               |
| DETAILED DESCRIPTION             | Pressure Sensor 100 PSI (689.48 kPa) Absolute Female - 1/4" (6.35mm) NPT 0.5 V ~ 4.5 V Cylinder       |
| ACCURACY                         | -                                                                                                     |
