NPC-1220-005D-1-L

|                     |                                |
|---------------------|--------------------------------|
| Part Number:        | NPC-1220-005D-1-L              |
| Manufacturer/Brand: | Advanced Sensors / Amphenol    |
| Product description | SENSOR PRES 5PSID 0-50MV DIP   |
| Datasheets:         | NPC-1220-005D-1-L.pdf          |
| RoHs Status         | Contains lead / RoHS Compliant |
| Ship From           | Hong Kong                      |
| Shipment Way        | DHL/Fedex/TNT/UPS/EMS          |

REQUEST FOR QUOTATION

Specifications of NPC-1220-005D-1-L

| SERIES                           | NPC-1220                                                                                                  |
| PRESSURE TYPE                    | Differential                                                                                              |
| PORT STYLE                       | Barbless                                                                                                  |
| PORT SIZE                        | Male - 0.12" (3.04mm) Tube, Dual                                                                          |
| PACKAGE / CASE                   | 8-DIP Module                                                                                              |
| OUTPUT TYPE                      | Wheatstone Bridge                                                                                         |
| OUTPUT                           | 0 mV ~ 50 mV                                                                                              |
| OPERATING TEMPERATURE            | -40°C ~ 125°C                                                                                             |
| OPERATING PRESSURE               | 5 PSI (34.47 kPa)                                                                                         |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                             |
| MAXIMUM PRESSURE                 | 15 PSI (103.42 kPa)                                                                                       |
| MANUFACTURER STANDARD LEAD TIME  | 11 Weeks                                                                                                  |
| LEAD FREE STATUS / ROHS STATUS   | Contains lead / RoHS Compliant                                                                            |
| FEATURES                         | Temperature Compensated                                                                                   |
| DETAILED DESCRIPTION             | Pressure Sensor 5 PSI (34.47 kPa) Differential Male - 0.12" (3.04mm) Tube, Dual 0 mV ~ 50 mV 8-DIP Module |
| ACCURACY                         | ±0.1%                                                                                                     |
