NT2H0301F0DTL,125

|                     |                                                                                                              |
|---------------------|--------------------------------------------------------------------------------------------------------------|
| Part Number:        | NT2H0301F0DTL,125                                                                                            |
| Manufacturer/Brand: | NXP Semiconductors / Freescale                                                                               |
| Product description | IC SMART TAG NFC TYPE 2 4HXSON                                                                               |
| Datasheets:         |                                                                                                              |
| RoHs Status         |  Lead free / RoHS Compliant |
| Ship From           | Hong Kong                                                                                                    |
| Shipment Way        | DHL/Fedex/TNT/UPS/EMS                                                                                        |

Specifications of NT2H0301F0DTL,125

|                                  |                                                           |
|----------------------------------|-----------------------------------------------------------|
| PART NUMBER                      | NT2H0301F0DTL,125                                         |
| MANUFACTURER                     | NXP Semiconductors / Freescale                            |
| DESCRIPTION                      | IC SMART TAG NFC TYPE 2 4HXSON                            |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                |
| DATA SHEET                       |                                                           |
| VOLTAGE - SUPPLY                 | -                                                         |
| TYPE                             | RFID Transponder                                          |
| SUPPLIER DEVICE PACKAGE          | 4-HXSON (2x1.5)                                           |
| STANDARDS                        | ISO 14443                                                 |
| SERIES                           | -                                                         |
| PACKAGING                        | Cut Tape (CT)                                             |
| PACKAGE / CASE                   | 4-XDFN Exposed Pad                                        |
| OTHER NAMES                      | 568-12160-1                                               |
| OPERATING TEMPERATURE            | -25°C ~ 70°C                                              |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                             |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                |
| INTERFACE                        | -                                                         |
| FREQUENCY                        | 13.56MHz                                                  |
| DETAILED DESCRIPTION             | RFID Transponder IC 13.56MHz ISO 14443 4-XDFN Exposed Pad |
