| VOLTAGE - SUPPLY                 | 1.8 V ~ 3.8 V                                                                                            |
| TYPE                             | TxRx + MCU                                                                                               |
| SERIES                           | -                                                                                                        |
| SERIAL INTERFACES                | I <sup>2</sup> C, UART, USART                                                                            |
| SENSITIVITY                      | -102dBm                                                                                                  |
| RF FAMILY/STANDARD               | 802.15.4, Bluetooth                                                                                      |
| PROTOCOL                         | Bluetooth v5.0                                                                                           |
| POWER - OUTPUT                   | 19dBm                                                                                                    |
| PACKAGING                        | Tape & Reel (TR)                                                                                         |
| PACKAGE / CASE                   | 48-VFQFN Exposed Pad                                                                                     |
| OPERATING TEMPERATURE            | -40°C ~ 85°C                                                                                             |
| MOISTURE SENSITIVITY LEVEL (MSL) | 2 (1 Year)                                                                                               |
| MODULATION                       | 2FSK, 4FSK, ASK, BPSK, DBPSK, DSSS, GFSK, GMSK, OOK, O-QPSK                                              |
| MEMORY SIZE                      | 512kB Flash, 64kB RAM                                                                                    |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                               |
| GPIO                             | 31                                                                                                       |
| FREQUENCY                        | 2.4GHz                                                                                                   |
| DETAILED DESCRIPTION             | IC RF TxRx + MCU 802.15.4, Bluetooth Bluetooth v5.0 2.4GHz 48-VFQFN Exposed Pad                          |
| DATA RATE (MAX)                  | 2Mbps                                                                                                    |
| CURRENT - TRANSMITTING           | 8.5mA ~ 134.3                                                                                            |
| CURRENT - RECEIVING              | 8.4mA ~ 11mA                                                                                             |
