| VOLTAGE - THRESHOLD              | 3.075V                                                               |
| TYPE                             | Battery Backup Circuit                                               |
| SUPPLIER DEVICE PACKAGE          | 8-PDIP                                                               |
| SERIES                           | -                                                                    |
| RESET TIMEOUT                    | 140 ms Minimum                                                       |
| RESET                            | Active High/Active Low                                               |
| PACKAGING                        | Tube                                                                 |
| PACKAGE / CASE                   | 8-DIP (0.300", 7.62mm)                                               |
| OUTPUT                           | Open Drain, Open Drain                                               |
| OPERATING TEMPERATURE            | 0°C ~ 70°C (TA)                                                      |
| NUMBER OF VOLTAGES MONITORED     | 1                                                                    |
| MOUNTING TYPE                    | Through Hole                                                         |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                        |
| LEAD FREE STATUS / ROHS STATUS   | Contains lead / RoHS non-compliant                                   |
| DETAILED DESCRIPTION             | Supervisor Open Drain, Open Drain 1 Channel 8-PDIP                   |
| BASE PART NUMBER                 | MAX804                                                               |
