| DESCRIPTION                       | IC OPAMP VFB 625MHZ 8SOIC                                              |
| LEAD FREE STATUS / ROHS STATUS    | Lead free / RoHS Compliant                                             |
| DATA SHEET                        | <a href="#">1.MAX4104ESA+.pdf</a><br><a href="#">2.MAX4104ESA+.pdf</a> |
| VOLTAGE - SUPPLY, SINGLE/DUAL (±) | ±3.5 V ~ 5.5 V                                                         |
| VOLTAGE - INPUT OFFSET            | 1mV                                                                    |
| SUPPLIER DEVICE PACKAGE           | 8-SOIC                                                                 |
| SLEW RATE                         | 400 V/μs                                                               |
| SERIES                            | -                                                                      |
| PACKAGING                         | Tube                                                                   |
| PACKAGE / CASE                    | 8-SOIC (0.154", 3.90mm Width)                                          |
| OUTPUT TYPE                       | -                                                                      |
| OPERATING TEMPERATURE             | -40°C ~ 85°C                                                           |
| NUMBER OF CIRCUITS                | 1                                                                      |
| MOUNTING TYPE                     | Surface Mount                                                          |
| MOISTURE SENSITIVITY LEVEL (MSL)  | 1 (Unlimited)                                                          |
| MANUFACTURER STANDARD LEAD TIME   | 6 Weeks                                                                |
| LEAD FREE STATUS / ROHS STATUS    | Lead free / RoHS Compliant                                             |
| DETAILED DESCRIPTION              | Voltage Feedback Amplifier 1 Circuit 8-SOIC                            |
| CURRENT - SUPPLY                  | 20mA                                                                   |
| CURRENT - INPUT BIAS              | 32μA                                                                   |
| BASE PART NUMBER                  | MAX4104                                                                |
| AMPLIFIER TYPE                    | Voltage Feedback                                                       |
| -3DB BANDWIDTH                    | 625MHz                                                                 |
