| DATA SHEET                       |  KA1M0880BTU.pdf |
| VOLTAGE - SUPPLY (VCC/VDD)       | 10 V ~ 30 V                                                                                         |
| VOLTAGE - START UP               | 15V                                                                                                 |
| VOLTAGE - BREAKDOWN              | 800V                                                                                                |
| TOPOLOGY                         | Flyback, Forward                                                                                    |
| SUPPLIER DEVICE PACKAGE          | TO-3P-5L                                                                                            |
| SERIES                           | FPS™                                                                                                |
| PACKAGING                        | Tube                                                                                                |
| PACKAGE / CASE                   | TO-3P-5                                                                                             |
| OUTPUT ISOLATION                 | -                                                                                                   |
| OPERATING TEMPERATURE            | -25°C ~ 85°C (TA)                                                                                   |
| MOUNTING TYPE                    | Through Hole                                                                                        |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                       |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                          |
| INTERNAL SWITCH(S)               | Yes                                                                                                 |
| FREQUENCY - SWITCHING            | 67kHz                                                                                               |
| FAULT PROTECTION                 | Current Limiting, Over Load, Over Temperature, Over Voltage                                         |
| DUTY CYCLE                       | 77%                                                                                                 |
| DETAILED DESCRIPTION             | Converter Offline Flyback, Forward Topology 67kHz TO-3P-5L                                          |
| CONTROL FEATURES                 | Soft Start                                                                                          |
