

Honeywell Sensing and Productivity Solutions

Productivity Solutions

Image may be representation. See specifications for product details.

SSCDAND001PGSA3

Part Number:SSCDAND001PGSA3

Manufacturer/Brand:Honeywell Sensing and Productivity Solutions

Product description:SENSOR PRES 1PSI GAUG 3.3V DIP

2.SSCDAND001PGSA3.pdf

3.SSCDAND001PGSA3.pdf

4.SSCDAND001PGSA3.pdf

Datasheets:

RoHs Status:Lead free / RoHS Compliant

Ship From:Hong Kong

Shipment Way:DHL/Fedex/TNT/UPS/EMS

REQUEST FOR QUOTATION

Specifications of SSCDAND001PGSA3

| VOLTAGE - SUPPLY                 | 3 V ~ 3.6 V                                                                                                                                                      |
| TERMINATION STYLE                | PC Pin                                                                                                                                                           |
| SUPPLIER DEVICE PACKAGE          | 8-DIP                                                                                                                                                            |
| SERIES                           | TruStability® SSC                                                                                                                                                |
| PRESSURE TYPE                    | Vented Gauge                                                                                                                                                     |
| PORT STYLE                       | Barbed                                                                                                                                                           |
| PORT SIZE                        | Male - 0.19" (4.93mm) Tube                                                                                                                                       |
| PACKAGE / CASE                   | 8-DIP (0.524", 13.30mm), Top Port                                                                                                                                |
| OUTPUT TYPE                      | SPI                                                                                                                                                              |
| OUTPUT                           | 12 b                                                                                                                                                             |
| OPERATING TEMPERATURE            | -40°C ~ 85°C                                                                                                                                                     |
| OPERATING PRESSURE               | 1 PSI (6.89 kPa)                                                                                                                                                 |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                                                                                    |
| MAXIMUM PRESSURE                 | 10 PSI (68.95 kPa)                                                                                                                                               |
| MANUFACTURER STANDARD LEAD TIME  | 15 Weeks                                                                                                                                                         |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                                                                       |
| FEATURES                         | Amplified Output, Temperature Compensated                                                                                                                        |
| DETAILED DESCRIPTION             | Pressure Sensor 1 PSI (6.89 kPa) Vented Gauge Male - 0.19" (4.93mm) Tube 12 b 8-DIP (0.524", 13.30mm), Top Port                                                  |
| ACCURACY                         | ±0.25%                                                                                                                                                           |
