| DESCRIPTION                       | IC OPAMP JFET 13MHZ 8SOIC                                                                       |
| LEAD FREE STATUS / ROHS STATUS    | Contains lead / RoHS non-compliant                                                              |
| DATA SHEET                        |  AD746JR.pdf |
| VOLTAGE - SUPPLY, SINGLE/DUAL (±) | 9 V ~ 36 V, ±4.5 V ~ 18 V                                                                       |
| VOLTAGE - INPUT OFFSET            | 300μV                                                                                           |
| SUPPLIER DEVICE PACKAGE           | 8-SOIC                                                                                          |
| SLEW RATE                         | 75 V/μs                                                                                         |
| SERIES                            | -                                                                                               |
| PACKAGING                         | Tube                                                                                            |
| PACKAGE / CASE                    | 8-SOIC (0.154", 3.90mm Width)                                                                   |
| OUTPUT TYPE                       | -                                                                                               |
| OPERATING TEMPERATURE             | 0°C ~ 70°C                                                                                      |
| NUMBER OF CIRCUITS                | 2                                                                                               |
| MOUNTING TYPE                     | Surface Mount                                                                                   |
| MOISTURE SENSITIVITY LEVEL (MSL)  | 1 (Unlimited)                                                                                   |
| LEAD FREE STATUS / ROHS STATUS    | Contains lead / RoHS non-compliant                                                              |
| GAIN BANDWIDTH PRODUCT            | 13MHz                                                                                           |
| DETAILED DESCRIPTION              | J-FET Amplifier 2 Circuit 8-SOIC                                                                |
| CURRENT - SUPPLY                  | 7mA                                                                                             |
| CURRENT - OUTPUT / CHANNEL        | 25mA                                                                                            |
| CURRENT - INPUT BIAS              | 110pA                                                                                           |
