| DESCRIPTION                      | SENS OPTO REFL 5MM-30MM WIRE MOD                                                                 |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                       |
| DATA SHEET                       |  E3T-SL23.pdf |
| VOLTAGE - SUPPLY                 | 12 V ~ 24 V                                                                                      |
| SERIES                           | E3T                                                                                              |
| SENSING METHOD                   | Reflective, Convergent                                                                           |
| SENSING DISTANCE                 | 0.197" ~ 1.181" (5mm ~ 30mm) ADJ                                                                 |
| RESPONSE TIME                    | 1ms                                                                                              |
| OUTPUT CONFIGURATION             | PNP - Open Collector/Light-ON                                                                    |
| OTHER NAMES                      | E3T-SL23-ND<br>E3TSL23<br>Z8141                                                                  |
| OPERATING TEMPERATURE            | -25°C ~ 55°C                                                                                     |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                    |
| LIGHT SOURCE                     | Red (650nm)                                                                                      |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                       |
| INGRESS PROTECTION               | IEC IP67                                                                                         |
| CONNECTION METHOD                | Wire                                                                                             |
| ADJUSTMENT TYPE                  | -                                                                                                |
