Specifications of DS232AR-N/T&R

|                                  |                                                                                    |
|----------------------------------|------------------------------------------------------------------------------------|
| PART NUMBER                      | DS232AR-N/T&R                                                                      |
| MANUFACTURER                     | Maxim Integrated                                                                   |
| DESCRIPTION                      | IC TXRX DL RS-232 5V IND 16-SOIC                                                   |
| LEAD FREE STATUS / ROHS STATUS   | Contains lead / RoHS non-compliant                                                 |
| DATA SHEET                       | <a href="#">1.DS232AR-N/T&amp;R.pdf</a><br><a href="#">2.DS232AR-N/T&amp;R.pdf</a> |
| VOLTAGE - SUPPLY                 | 4.5 V ~ 5.5 V                                                                      |
| TYPE                             | Transceiver                                                                        |
| SUPPLIER DEVICE PACKAGE          | 16-SOIC                                                                            |
| SERIES                           | -                                                                                  |
| RECEIVER HYSTERESIS              | 500mV                                                                              |
| PROTOCOL                         | RS232                                                                              |
| PACKAGING                        | Tape & Reel (TR)                                                                   |
| PACKAGE / CASE                   | 16-SOIC (0.295", 7.50mm Width)                                                     |
| OPERATING TEMPERATURE            | -40°C ~ 85°C                                                                       |
| NUMBER OF DRIVERS/RECEIVERS      | 2/2                                                                                |
| MOUNTING TYPE                    | Surface Mount                                                                      |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                      |
| LEAD FREE STATUS / ROHS STATUS   | Contains lead / RoHS non-compliant                                                 |
| DUPLEX                           | Full                                                                               |
| DETAILED DESCRIPTION             | 2/2 Transceiver Full RS232 16-SOIC                                                 |
| DATA RATE                        | 350kbps                                                                            |
| BASE PART NUMBER                 | DS232A                                                                             |
