Specifications of MAX893LESA+

|                                  |                                                                        |
|----------------------------------|------------------------------------------------------------------------|
| PART NUMBER                      | MAX893LESA+                                                            |
| MANUFACTURER                     | Maxim Integrated                                                       |
| DESCRIPTION                      | IC SW P-CH HS 8-SOIC                                                   |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                             |
| DATA SHEET                       | <a href="#">1.MAX893LESA+.pdf</a><br><a href="#">2.MAX893LESA+.pdf</a> |
| VOLTAGE - SUPPLY (VCC/VDD)       | Not Required                                                           |
| VOLTAGE - LOAD                   | 2.7 V ~ 5.5 V                                                          |
| SWITCH TYPE                      | General Purpose                                                        |
| SUPPLIER DEVICE PACKAGE          | 8-SOIC                                                                 |
| SERIES                           | -                                                                      |
| RDS ON (TYP)                     | 70 mOhm                                                                |
| RATIO - INPUT:OUTPUT             | 1:1                                                                    |
| PACKAGING                        | Tube                                                                   |
| PACKAGE / CASE                   | 8-SOIC (0.154", 3.90mm Width)                                          |
| OUTPUT TYPE                      | P-Channel                                                              |
| OUTPUT CONFIGURATION             | High Side                                                              |
| OPERATING TEMPERATURE            | -40°C ~ 85°C (TA)                                                      |
| NUMBER OF OUTPUTS                | 1                                                                      |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                          |
| MANUFACTURER STANDARD LEAD TIME  | 6 Weeks                                                                |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                             |
| INTERFACE                        | On/Off                                                                 |
| INPUT TYPE                       | Non-Inverting                                                          |
| FEATURES                         | -                                                                      |
| FAULT PROTECTION                 | Current Limiting (Adjustable), Over Temperature                        |
| CURRENT - OUTPUT (MAX)           | 1.2A                                                                   |
| BASE PART NUMBER                 | MAX893                                                                 |
