Specifications of SI5326C-C-GM

|                                  |                                                                                  |
|----------------------------------|----------------------------------------------------------------------------------|
| PART NUMBER                      | SI5326C-C-GM                                                                     |
| MANUFACTURER                     | Energy Micro (Silicon Labs)                                                      |
| DESCRIPTION                      | IC ANY-RATE MULTI/ATTEN 36-QFN                                                   |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                       |
| DATA SHEET                       | <a href="#">PDF</a> 1.SI5326C-C-GM.pdf<br><a href="#">PDF</a> 2.SI5326C-C-GM.pdf |
| VOLTAGE - SUPPLY                 | 1.71 V ~ 3.63 V                                                                  |
| TYPE                             | Clock Multiplier, Jitter Attenuator                                              |
| SUPPLIER DEVICE PACKAGE          | 36-QFN (6x6)                                                                     |
| SERIES                           | DSPLL®                                                                           |
| RATIO - INPUT:OUTPUT             | 3:2                                                                              |
| PACKAGING                        | Tray                                                                             |
| PACKAGE / CASE                   | 36-VFQFN Exposed Pad                                                             |
| PLL                              | Yes                                                                              |
| OUTPUT                           | CML, LVCMOS, LVDS, LVPECL                                                        |
| OTHER NAMES                      | 336-1746<br>336-1746-5<br>336-1746-ND<br>SI5326CCGM                              |
| OPERATING TEMPERATURE            | -40°C ~ 85°C                                                                     |
| NUMBER OF CIRCUITS               | 1                                                                                |
| MOUNTING TYPE                    | Surface Mount                                                                    |
| MOISTURE SENSITIVITY LEVEL (MSL) | 2 (1 Year)                                                                       |
| MANUFACTURER STANDARD LEAD TIME  | 4 Weeks                                                                          |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                       |
| INPUT                            | LVCMOS, LVDS, LVPECL, Crystal                                                    |
| FREQUENCY - MAX                  | 346MHz                                                                           |
| DIVIDER/MULTIPLIER               | Yes/Yes                                                                          |
| DIFFERENTIAL - INPUT:OUTPUT      | Yes/Yes                                                                          |
