| DESCRIPTION                       | IC OPAMP VFB 69MHZ RRO 8SOIC                                                                             |
| LEAD FREE STATUS / ROHS STATUS    | Lead free / RoHS Compliant                                                                               |
| DATA SHEET                        |  AD8397ARDZ-REEL7.pdf |
| VOLTAGE - SUPPLY, SINGLE/DUAL (±) | 3 V ~ 24 V, ±1.5 V ~ 12 V                                                                                |
| VOLTAGE - INPUT OFFSET            | 1mV                                                                                                      |
| SUPPLIER DEVICE PACKAGE           | 8-SOIC-EP                                                                                                |
| SLEW RATE                         | 53 V/μs                                                                                                  |
| SERIES                            | -                                                                                                        |
| PACKAGING                         | Cut Tape (CT)                                                                                            |
| PACKAGE / CASE                    | 8-SOIC (0.154", 3.90mm Width) Exposed Pad                                                                |
| OUTPUT TYPE                       | Rail-to-Rail                                                                                             |
| OTHER NAMES                       | AD8397ARDZ-REEL7CT                                                                                       |
| OPERATING TEMPERATURE             | -40°C ~ 85°C                                                                                             |
| NUMBER OF CIRCUITS                | 2                                                                                                        |
| MOUNTING TYPE                     | Surface Mount                                                                                            |
| MOISTURE SENSITIVITY LEVEL (MSL)  | 3 (168 Hours)                                                                                            |
| MANUFACTURER STANDARD LEAD TIME   | 8 Weeks                                                                                                  |
| LEAD FREE STATUS / ROHS STATUS    | Lead free / RoHS Compliant                                                                               |
| DETAILED DESCRIPTION              | Voltage Feedback Amplifier 2 Circuit Rail-to-Rail 8-SOIC-EP                                              |
| CURRENT - SUPPLY                  | 11mA                                                                                                     |
| CURRENT - OUTPUT / CHANNEL        | 310mA                                                                                                    |
| CURRENT - INPUT BIAS              | 200pA                                                                                                    |
| BASE PART NUMBER                  | AD8397                                                                                                   |
| AMPLIFIER TYPE                    | Voltage Feedback                                                                                         |
| -3DB BANDWIDTH                    | 69MHz                                                                                                    |
