| DESCRIPTION                      | IC MCU 32BIT 64KB FLASH 64FLGA                                                                                          |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                              |
| DATA SHEET                       |  <a href="#">R5F51113ADLF#UA.pdf</a> |
| VOLTAGE - SUPPLY (VCC/VDD)       | 1.8 V ~ 3.6 V                                                                                                           |
| SUPPLIER DEVICE PACKAGE          | 64-FLGA (5x5)                                                                                                           |
| SPEED                            | 32MHz                                                                                                                   |
| SERIES                           | RX100                                                                                                                   |
| RAM SIZE                         | 10K x 8                                                                                                                 |
| PROGRAM MEMORY TYPE              | FLASH                                                                                                                   |
| PROGRAM MEMORY SIZE              | 64KB (64K x 8)                                                                                                          |
| PERIPHERALS                      | DMA, LVD, POR, PWM, WDT                                                                                                 |
| PACKAGING                        | Tray                                                                                                                    |
| PACKAGE / CASE                   | 64-WFLGA                                                                                                                |
| OSCILLATOR TYPE                  | Internal                                                                                                                |
| OPERATING TEMPERATURE            | -40°C ~ 85°C (TA)                                                                                                       |
| NUMBER OF I/O                    | 46                                                                                                                      |
| MOISTURE SENSITIVITY LEVEL (MSL) | 3 (168 Hours)                                                                                                           |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                              |
| EEPROM SIZE                      | 8K x 8                                                                                                                  |
| DETAILED DESCRIPTION             | RX RX100 Microcontroller IC 32-Bit 32MHz 64KB (64K x 8) FLASH 64-FLGA (5x5)                                             |
| DATA CONVERTERS                  | A/D 14x12b, D/A 2x8b                                                                                                    |
| CORE SIZE                        | 32-Bit                                                                                                                  |
| CORE PROCESSOR                   | RX                                                                                                                      |
| CONNECTIVITY                     | I <sup>2</sup> C, SCI, SPI, USB OTG                                                                                     |
