Specifications of SI8261AAC-C-ISR

|                                      |                                                                                                         |
|--------------------------------------|---------------------------------------------------------------------------------------------------------|
| PART NUMBER                          | SI8261AAC-C-ISR                                                                                         |
| MANUFACTURER                         | Energy Micro (Silicon Labs)                                                                             |
| DESCRIPTION                          | DGTL ISO 3.75KV GATE DRVR 8SOIC                                                                         |
| LEAD FREE STATUS / ROHS STATUS       | Lead free / RoHS Compliant                                                                              |
| DATA SHEET                           |  SI8261AAC-C-ISR.pdf |
| VOLTAGE - SUPPLY                     | 6.5 V ~ 30 V                                                                                            |
| VOLTAGE - ISOLATION                  | 3750Vrms                                                                                                |
| VOLTAGE - FORWARD (VF) (TYP)         | 2.8V (Max)                                                                                              |
| TECHNOLOGY                           | Capacitive Coupling                                                                                     |
| SUPPLIER DEVICE PACKAGE              | 8-SOIC                                                                                                  |
| SERIES                               | Automotive, AEC-Q100                                                                                    |
| RISE / FALL TIME (TYP)               | 5.5ns, 8.5ns                                                                                            |
| PULSE WIDTH DISTORTION (MAX)         | 28ns                                                                                                    |
| PROPAGATION DELAY TPLH / TPHL (MAX)  | 60ns, 50ns                                                                                              |
| PACKAGING                            | Tape & Reel (TR)                                                                                        |
| PACKAGE / CASE                       | 8-SOIC (0.154", 3.90mm Width)                                                                           |
| OTHER NAMES                          | 336-4490-2<br>SI8261AAC-C-ISR-ND                                                                        |
| OPERATING TEMPERATURE                | -40°C ~ 125°C                                                                                           |
| NUMBER OF CHANNELS                   | 1                                                                                                       |
| MOUNTING TYPE                        | Surface Mount                                                                                           |
| MOISTURE SENSITIVITY LEVEL (MSL)     | 3 (168 Hours)                                                                                           |
| MANUFACTURER STANDARD LEAD TIME      | 6 Weeks                                                                                                 |
| LEAD FREE STATUS / ROHS STATUS       | Lead free / RoHS Compliant                                                                              |
| DETAILED DESCRIPTION                 | 600mA Gate Driver Capacitive Coupling 3750Vrms 1 Channel 8-SOIC                                         |
| CURRENT - PEAK OUTPUT                | 600mA                                                                                                   |
| CURRENT - OUTPUT HIGH, LOW           | 400mA, 600mA                                                                                            |
| CURRENT - DC FORWARD (IF) (MAX)      | 30mA                                                                                                    |
| COMMON MODE TRANSIENT IMMUNITY (MIN) | 35kV/μs                                                                                                 |
| APPROVALS                            | CQC, CSA, UR, VDE                                                                                       |
