| VOLTAGE - SUPPLY                 | 3 V ~ 5.5 V                                                                  |
| SUPPLIER DEVICE PACKAGE          | 40-QFN-EP (6x6)                                                              |
| SERIES                           | Automotive, AEC-Q100                                                         |
| PACKAGING                        | Tube                                                                         |
| PACKAGE / CASE                   | 40-WFQFN Exposed Pad                                                         |
| OPERATING TEMPERATURE            | -40°C ~ 125°C                                                                |
| MOUNTING TYPE                    | Surface Mount                                                                |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                |
| MANUFACTURER STANDARD LEAD TIME  | 6 Weeks                                                                      |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                   |
| DETAILED DESCRIPTION             | Contact Monitor PMIC 40-QFN-EP (6x6)                                         |
| CURRENT - SUPPLY                 | 100nA                                                                        |
| BASE PART NUMBER                 | MAX13362                                                                     |
| APPLICATIONS                     | Contact Monitor                                                              |
