| DESCRIPTION                      | IC HOT SWAP ORING CTRLR 24VQFN                                                                   |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                       |
| DATA SHEET                       |                                                                                                  |
| VOLTAGE - SUPPLY                 | 2.5 V ~ 18 V                                                                                     |
| TYPE                             | Hot Swap Controller, OR Controller                                                               |
| SUPPLIER DEVICE PACKAGE          | 24-VQFN (4x4)                                                                                    |
| SERIES                           | -                                                                                                |
| PROGRAMMABLE FEATURES            | Current Limit, Fault Timeout, OVP, Turn On Voltage                                               |
| PACKAGING                        | Original-Reel®                                                                                   |
| PACKAGE / CASE                   | 24-VFQFN Exposed Pad                                                                             |
| OTHER NAMES                      | 296-41096-6                                                                                      |
| OPERATING TEMPERATURE            | -40°C ~ 125°C                                                                                    |
| NUMBER OF CHANNELS               | 1                                                                                                |
| MOUNTING TYPE                    | Surface Mount                                                                                    |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                    |
| MANUFACTURER STANDARD LEAD TIME  | 26 Weeks                                                                                         |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                       |
| INTERNAL SWITCH(S)               | No                                                                                               |
| FEATURES                         | Auto Retry, UVLO                                                                                 |
| FEATURE PINS                     | ENHS, ENOR, FLTb, FSTP, IMON, IMONBUF, OV, PGHS, PLIM, RVSNP, RVSNM, SENM, SET, STAT, TFLT, TINR |
| DETAILED DESCRIPTION             | Hot Swap Controller, OR Controller 1 Channel General Purpose 24-VQFN (4x4)                       |
| CURRENT - SUPPLY                 | 4.2mA                                                                                            |
| CURRENT - OUTPUT (MAX)           | -                                                                                                |
| APPLICATIONS                     | General Purpose                                                                                  |
