Specifications of MIC1832M

|                                  |                                                                                                  |
|----------------------------------|--------------------------------------------------------------------------------------------------|
| PART NUMBER                      | MIC1832M                                                                                         |
| MANUFACTURER                     | Micrel / Microchip Technology                                                                    |
| DESCRIPTION                      | IC SUPERVISOR 2.88/2.55V 8-SOIC                                                                  |
| LEAD FREE STATUS / ROHS STATUS   | Contains lead / RoHS non-compliant                                                               |
| DATA SHEET                       |  MIC1832M.pdf |
| VOLTAGE - THRESHOLD              | 2.55V, 2.88V                                                                                     |
| TYPE                             | Simple Reset/Power-On Reset                                                                      |
| SUPPLIER DEVICE PACKAGE          | 8-SOIC                                                                                           |
| SERIES                           | -                                                                                                |
| RESET TIMEOUT                    | 250 ms Minimum                                                                                   |
| RESET                            | Active High/Active Low                                                                           |
| PACKAGING                        | Tube                                                                                             |
| PACKAGE / CASE                   | 8-SOIC (0.154", 3.90mm Width)                                                                    |
| OUTPUT                           | Open Drain or Open Collector                                                                     |
| OPERATING TEMPERATURE            | -40°C ~ 85°C (TA)                                                                                |
| NUMBER OF VOLTAGES MONITORED     | 1                                                                                                |
| MOUNTING TYPE                    | Surface Mount                                                                                    |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                    |
| LEAD FREE STATUS / ROHS STATUS   | Contains lead / RoHS non-compliant                                                               |
| DETAILED DESCRIPTION             | Supervisor Open Drain or Open Collector 1 Channel 8-SOIC                                         |
| BASE PART NUMBER                 | MIC1832                                                                                          |
