| DESCRIPTION                      | IC SRAM 64K PARALLEL 84PLCC                                                                         |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                          |
| DATA SHEET                       |  70V24L20JGI.pdf |
| WRITE CYCLE TIME - WORD, PAGE    | 20ns                                                                                                |
| VOLTAGE - SUPPLY                 | 3 V ~ 3.6 V                                                                                         |
| TECHNOLOGY                       | SRAM - Dual Port, Asynchronous                                                                      |
| SUPPLIER DEVICE PACKAGE          | 84-PLCC (29.21x29.21)                                                                               |
| SERIES                           | -                                                                                                   |
| PACKAGING                        | Tube                                                                                                |
| PACKAGE / CASE                   | 84-LCC (J-Lead)                                                                                     |
| OPERATING TEMPERATURE            | -40°C ~ 85°C (TA)                                                                                   |
| MOUNTING TYPE                    | Surface Mount                                                                                       |
| MOISTURE SENSITIVITY LEVEL (MSL) | 3 (168 Hours)                                                                                       |
| MEMORY TYPE                      | Volatile                                                                                            |
| MEMORY SIZE                      | 64Kb (4K x 16)                                                                                      |
| MEMORY INTERFACE                 | Parallel                                                                                            |
| MEMORY FORMAT                    | SRAM                                                                                                |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                          |
| DETAILED DESCRIPTION             | SRAM - Dual Port, Asynchronous Memory IC 64Kb (4K x 16) Parallel 20ns 84-PLCC (29.21x29.21)         |
| ACCESS TIME                      | 20ns                                                                                                |
