| MEMORY SIZE                      | -                                                                                                              |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                     |
| FREQUENCY                        | 433.92MHz                                                                                                      |
| FEATURES                         | -                                                                                                              |
| DETAILED DESCRIPTION             | - RF Receiver ASK, OOK 433.92MHz -109dBm 115.2kbps PCB, Surface Mount SM-20L                                   |
| DATA RATE (MAX)                  | 115.2kbps                                                                                                      |
| DATA INTERFACE                   | PCB, Surface Mount                                                                                             |
| CURRENT - RECEIVING              | 3.8mA                                                                                                          |
| APPLICATIONS                     | General Data Transfer                                                                                          |
| ANTENNA CONNECTOR                | PCB, Surface Mount                                                                                             |
