| DESCRIPTION                      | IC AMP CTLR DGTL 8CH 64LQFP                                                                                            |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                             |
| DATA SHEET                       |  <a href="#">CS44800-CQZR/B.pdf</a> |
| VOLTAGE - SUPPLY                 | 2.5 V ~ 5 V                                                                                                            |
| SUPPLIER DEVICE PACKAGE          | 64-LQFP                                                                                                                |
| SPECIFICATIONS                   | Class D                                                                                                                |
| SERIES                           | -                                                                                                                      |
| PACKAGING                        | Tape & Reel (TR)                                                                                                       |
| PACKAGE / CASE                   | 64-LQFP                                                                                                                |
| OPERATING TEMPERATURE            | -10°C ~ 70°C (TA)                                                                                                      |
| NUMBER OF CHANNELS               | 8                                                                                                                      |
| MOISTURE SENSITIVITY LEVEL (MSL) | 3 (168 Hours)                                                                                                          |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                             |
| INTERFACE                        | I²C, SPI                                                                                                               |
| FUNCTION                         | Fully Integrated Processor                                                                                             |
| DETAILED DESCRIPTION             | Audio Fully Integrated Processor 8 Channel 64-LQFP                                                                     |
| APPLICATIONS                     | Pre-Amplifier                                                                                                          |
