| DESCRIPTION                      | IC CCD SIGNAL PROCESSOR 176LQFP                                                                                           |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                                |
| DATA SHEET                       |  <a href="#">ADSP-21488KSWZ-3B.pdf</a> |
| VOLTAGE - I/O                    | 3.30V                                                                                                                     |
| VOLTAGE - CORE                   | 1.10V                                                                                                                     |
| TYPE                             | Floating Point                                                                                                            |
| SUPPLIER DEVICE PACKAGE          | 176-LQFP-EP (24x24)                                                                                                       |
| SERIES                           | SHARC®                                                                                                                    |
| PACKAGING                        | Tray                                                                                                                      |
| PACKAGE / CASE                   | 176-LQFP Exposed Pad                                                                                                      |
| OPERATING TEMPERATURE            | 0°C ~ 70°C (TA)                                                                                                           |
| ON-CHIP RAM                      | 3Mbit                                                                                                                     |
| NON-VOLATILE MEMORY              | External                                                                                                                  |
| MOUNTING TYPE                    | Surface Mount                                                                                                             |
| MOISTURE SENSITIVITY LEVEL (MSL) | 3 (168 Hours)                                                                                                             |
| MANUFACTURER STANDARD LEAD TIME  | 7 Weeks                                                                                                                   |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                                |
| INTERFACE                        | EBI/EMI, DAI, I²C, SPI, SPORT, UART/USART                                                                                 |
| CLOCK RATE                       | 350MHz                                                                                                                    |
