| DESCRIPTION                             | SENSOR ROTARY 360DEG SMD                                                               |
| LEAD FREE STATUS / ROHS STATUS          | Lead free / RoHS Compliant                                                             |
| DATA SHEET                              | <a href="#">PDF</a> MLX90360LDC-ACD-000-TU.pdf                                         |
| VOLTAGE - SUPPLY                        | 4.5 V ~ 5.5 V                                                                          |
| TERMINATION STYLE                       | SMD (SMT) Tab                                                                          |
| TECHNOLOGY                              | Hall Effect                                                                            |
| SUPPLIER DEVICE PACKAGE                 | 8-SOIC                                                                                 |
| SERIES                                  | Triaxis®                                                                               |
| ROTATION ANGLE - ELECTRICAL, MECHANICAL | 0° ~ 360°, Continuous                                                                  |
| RESISTANCE TOLERANCE                    | -                                                                                      |
| PACKAGING                               | Tube                                                                                   |
| PACKAGE / CASE                          | 8-SOIC (0.154", 3.90mm Width)                                                          |
| OUTPUT SIGNAL                           | -                                                                                      |
| OUTPUT                                  | PWM                                                                                    |
| OTHER NAMES                             | MLX90360LDC-ACD-TU                                                                     |
| OPERATING TEMPERATURE                   | -40°C ~ 150°C                                                                          |
| MOUNTING TYPE                           | Surface Mount                                                                          |
| MOISTURE SENSITIVITY LEVEL (MSL)        | 3 (168 Hours)                                                                          |
| MANUFACTURER STANDARD LEAD TIME         | 29 Weeks                                                                               |
| LINEARITY                               | -                                                                                      |
| LINEAR RANGE                            | -                                                                                      |
| LEAD FREE STATUS / ROHS STATUS          | Lead free / RoHS Compliant                                                             |
| FOR MEASURING                           | Linear, Rotary Position                                                                |
| DETAILED DESCRIPTION                    | Hall Effect Sensor Linear, Rotary Position External Magnet, Not Included SMD (SMT) Tab |
| ACTUATOR TYPE                           | External Magnet, Not Included                                                          |
