| MANUFACTURER                     | ADI (Analog Devices, Inc.)                                                                                |
| DESCRIPTION                      | IC CTRLR HOTSWP HV DETECT 16SSOP                                                                          |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                |
| DATA SHEET                       |  LT4256-3IGN#TRPBF.pdf |
| VOLTAGE - SUPPLY                 | 10.8 V ~ 80 V                                                                                             |
| TYPE                             | Hot Swap Controller                                                                                       |
| SUPPLIER DEVICE PACKAGE          | 16-SSOP                                                                                                   |
| SERIES                           | -                                                                                                         |
| PROGRAMMABLE FEATURES            | Auto Retry, Current Limit, Fault Timeout, Latched Fault, OVP, Slew Rate, UVLO                             |
| PACKAGING                        | Original-Reel®                                                                                            |
| PACKAGE / CASE                   | 16-SSOP (0.154", 3.90mm Width)                                                                            |
| OTHER NAMES                      | LT4256-3IGN#TRPBFDKR                                                                                      |
| OPERATING TEMPERATURE            | -40°C ~ 85°C                                                                                              |
| NUMBER OF CHANNELS               | 1                                                                                                         |
| MOUNTING TYPE                    | Surface Mount                                                                                             |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                             |
| MANUFACTURER STANDARD LEAD TIME  | 8 Weeks                                                                                                   |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                |
| INTERNAL SWITCH(S)               | No                                                                                                        |
| FEATURES                         | -                                                                                                         |
| DETAILED DESCRIPTION             | Hot Swap Controller 1 Channel General Purpose 16-SSOP                                                     |
| CURRENT - SUPPLY                 | 1.8mA                                                                                                     |
| CURRENT - OUTPUT (MAX)           | -                                                                                                         |
| APPLICATIONS                     | General Purpose                                                                                           |
