| DESCRIPTION                      | IC LOAD SWITCH ACT-HI 10.5A 8DFN                                                                         |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                               |
| DATA SHEET                       |  NCP45521IMNTWG-H.pdf |
| VOLTAGE - SUPPLY (VCC/VDD)       | 3 V ~ 5.5 V                                                                                              |
| VOLTAGE - LOAD                   | 0.5 V ~ 13.5 V                                                                                           |
| SWITCH TYPE                      | General Purpose                                                                                          |
| SUPPLIER DEVICE PACKAGE          | 8-DFN (2x2)                                                                                              |
| SERIES                           | ecoSWITCH™                                                                                               |
| RDS ON (TYP)                     | 12.8 mOhm                                                                                                |
| RATIO - INPUT:OUTPUT             | 1:1                                                                                                      |
| PACKAGING                        | Original-Reel®                                                                                           |
| PACKAGE / CASE                   | 8-VDFN Exposed Pad                                                                                       |
| OUTPUT TYPE                      | N-Channel                                                                                                |
| OUTPUT CONFIGURATION             | High Side                                                                                                |
| OTHER NAMES                      | NCP45521IMNTWG-HOSDKR                                                                                    |
| OPERATING TEMPERATURE            | -40°C ~ 85°C (TA)                                                                                        |
| NUMBER OF OUTPUTS                | 1                                                                                                        |
| MOISTURE SENSITIVITY LEVEL (MSL) | 3 (168 Hours)                                                                                            |
| MANUFACTURER STANDARD LEAD TIME  | 19 Weeks                                                                                                 |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                               |
| INTERFACE                        | On/Off                                                                                                   |
| INPUT TYPE                       | Non-Inverting                                                                                            |
| FEATURES                         | Slew Rate Controlled                                                                                     |
| FAULT PROTECTION                 | Over Temperature, UVLO                                                                                   |
| CURRENT - OUTPUT (MAX)           | 10.5A                                                                                                    |
