| VOLTAGE - SUPPLY                 | 2.7 V ~ 5.5 V                                                                       |
| TEST CONDITION                   | -10°C ~ 85°C (-55°C ~ 125°C)                                                        |
| SUPPLIER DEVICE PACKAGE          | 8-MSOP                                                                              |
| SERIES                           | -                                                                                   |
| SENSOR TYPE                      | Digital, Local                                                                      |
| SENSING TEMPERATURE - REMOTE     | -                                                                                   |
| SENSING TEMPERATURE - LOCAL      | -55°C ~ 125°C                                                                       |
| RESOLUTION                       | 11 b                                                                                |
| PACKAGING                        | Original-Reel®                                                                      |
| PACKAGE / CASE                   | 8-TSSOP, 8-MSOP (0.118", 3.00mm Width)                                              |
| OUTPUT TYPE                      | I²C/SMBus                                                                           |
| OTHER NAMES                      | MCP9803T-M/MSDKR                                                                    |
| OPERATING TEMPERATURE            | -55°C ~ 125°C                                                                       |
| MOUNTING TYPE                    | Surface Mount                                                                       |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                       |
| MANUFACTURER STANDARD LEAD TIME  | 8 Weeks                                                                             |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                          |
| FEATURES                         | One-Shot, Output Switch, Programmable Limit, Programmable Resolution, Shutdown Mode |
| DETAILED DESCRIPTION             | Temperature Sensor Digital, Local -55°C ~ 125°C 11 b 8-MSOP                         |
| ACCURACY - HIGHEST (LOWEST)      | ±1°C (±3°C)                                                                         |
