Specifications of OP249GS-REEL

|                                   |                                                                                                      |
|-----------------------------------|------------------------------------------------------------------------------------------------------|
| PART NUMBER                       | OP249GS-REEL                                                                                         |
| MANUFACTURER                      | ADI (Analog Devices, Inc.)                                                                           |
| DESCRIPTION                       | IC OPAMP JFET 4.7MHZ 8SOIC                                                                           |
| LEAD FREE STATUS / ROHS STATUS    | Contains lead / RoHS non-compliant                                                                   |
| DATA SHEET                        |  OP249GS-REEL.pdf |
| VOLTAGE - SUPPLY, SINGLE/DUAL (±) | ±4.5 V ~ 18 V                                                                                        |
| VOLTAGE - INPUT OFFSET            | 200µV                                                                                                |
| SUPPLIER DEVICE PACKAGE           | 8-SOIC                                                                                               |
| SLEW RATE                         | 22 V/µs                                                                                              |
| SERIES                            | -                                                                                                    |
| PACKAGING                         | Tape & Reel (TR)                                                                                     |
| PACKAGE / CASE                    | 8-SOIC (0.154", 3.90mm Width)                                                                        |
| OUTPUT TYPE                       | -                                                                                                    |
| OPERATING TEMPERATURE             | -40°C ~ 85°C                                                                                         |
| NUMBER OF CIRCUITS                | 2                                                                                                    |
| MOUNTING TYPE                     | Surface Mount                                                                                        |
| MOISTURE SENSITIVITY LEVEL (MSL)  | 1 (Unlimited)                                                                                        |
| LEAD FREE STATUS / ROHS STATUS    | Contains lead / RoHS non-compliant                                                                   |
| GAIN BANDWIDTH PRODUCT            | 4.7MHz                                                                                               |
| DETAILED DESCRIPTION              | J-FET Amplifier 2 Circuit 8-SOIC                                                                     |
| CURRENT - SUPPLY                  | 5.6mA                                                                                                |
| CURRENT - OUTPUT / CHANNEL        | 36mA                                                                                                 |
| CURRENT - INPUT BIAS              | 30pA                                                                                                 |
